LUPUS IS A CRUEL AND MYSTERIOUS DISEASE WITH WIDESPREAD IMPACT

LUPUS FOUNDATION OF AMERICA, PHILADELPHIA TRI-STATE CHAPTER

The Lupus Foundation of America is the only national force devoted to solving the mystery of lupus, while giving caring support to those who suffer from its brutal impact. Through a comprehensive program of research, education, support, and advocacy, we lead the fight to improve the quality of life for all people affected by lupus. We envision a life free of lupus.

THE IMPACT OF LUPUS

Lupus is an unpredictable and misunderstood autoimmune disease that ravages different parts of the body. It is difficult to diagnose, hard to live with, and a challenge to treat. The symptoms can be severe and highly unpredictable and can damage any organ or tissue, from the skin or joints to the heart or kidneys. More of your friends, family, co-workers and neighbors live with or are impacted by lupus than you realize.

An estimated 1.5 million Americans have lupus, 50,000 of whom live in the Philadelphia Tri-State area.

Lupus is a leading cause of death among young women.

Only three drugs have ever been developed specifically to treat lupus and lupus nephritis and approved by the US Food and Drug Administration.

The mean annual total costs for people with lupus (combining direct and indirect costs) can be up to $50,000.
JOIN US IN THE FIGHT AGAINST LUPUS

*Walk to End Lupus Now*® is held nationwide by the Lupus Foundation of America and its national network to raise money for lupus research, increase awareness of lupus, and rally public support for those who suffer from its brutal impact. Each year, thousands of people across the country join forces with the Lupus Foundation of America and walk with one unified purpose—to end lupus. The Philadelphia Tri-State Chapter hosts four of these walks each year.

**TOGETHER, WE ARE POWERFUL!**

*(Since 2008)*

**ONE MILLION WALKERS**

across the United States.

**OVER 3,000,000 STEPS**

which is equal to walking NYC’s Central Park 250 times!

**OVER $20 MILLION RAISED**

(and counting!) to fund research, education and support.
YOUR DOLLARS AT WORK TO END LUPUS

Thanks to the support of the thousands of individuals, companies, and communities over the last 30 years, we are making a difference in the fight to end the brutal impact of this disease. But, it’s not enough, and there is still so much work to be done. With your support, you can help us continue to improve the quality of life for all those touched by this disease.

7.5 million people in the United States count on the Lupus Foundation of America each year to answer questions, provide support, and bring hope.

The demand for more resources is high. We need your support to grow these critical resources and support more people.

Accelerating delivery of medicines with more than 50 potential therapies are being studied for people with lupus.

Currently there are only three FDA-approved drugs for lupus. We need your support to fund new, groundbreaking studies.

$550 million in federal funding went towards lupus research and education in just the last 5 years.

There is still work to be done. We need your support to grow our voice and increase these critical federal funding dollars.

839 million views of awareness campaigns raise support, understanding, and compassion for those with lupus.

The majority of Americans know little or nothing about lupus beyond the name. We need your support to increase public understanding of this disease so it gets the resources it needs.
